Q.1. Translate the following passage into English:

[15 marks]

বনে-জঙ্গলে ছোট বড় কত রকমের জানোয়ার, আর তাদের অস্ত্র ই বা কত রকমের। শিং, নখ, দাঁত, ক্ষুর - এক একজনের আবার মুখ ও পা দুই ই চলে। যেমন বাঘের দাঁত ও নখ, মহিষের শিং ও ক্ষুর, শূয়োরের দাঁত ও ক্ষুর। বনে জঙ্গলে এত রকমের জানোয়ার ই দেখেছি কিন্তু শূয়োরের মত এমন অদ্ভুত মেজাজের জীব আর দেখলাম না। বাঘ বল, ভাল্লুক বল, হাতি, মহিষ, গন্ডার - সকলেই চলে অতি সাবধানে, অতি সন্তর্পনে পা ফেলে। যাতে কেউ জানতে না পারে। দশ - বিশ ফুট দূর থেকে বাঘ - ভাল্লুক নিঃশব্দে পাশ কাটিয়ে চলে যায়, কিছু জানবার, কিছু বোঝার জো নেই। হাতিটা পর্যন্ত এক-একসময়ে প্রায় ঘাড়ের উপর এসে না পড়লে বুঝতে পারা যায় না যে হাতি আসছে।

Q.2. Write a precis of the following passage with a suitable title:

[10 marks]

When we survey our lives and efforts, we soon observe that almost the whole of our actions and desires are bound up with the existence of other human beings. We notice that whole nature resembles that of the social animals. We eat food that others have produced, wear clothes that others have made, live in houses that others have built. The greater part of our knowledge and beliefs has been passed on to us by other people through the medium of a language which others have created. Without language and mental capacities, we would have been poor indeed comparable to higher animals.

We have therefore to admit that we owe our principal knowledge over the least to the fact of living in human society. The individual if left alone from birth, would remain primitive and beast like in his thoughts and feelings to a degree that we can hardly imagine. The individual is what he is and has the significance that he has not much in virtue of the individuality, but rather as a member of a great human community, which directs his material and spiritual existence from the cradle to the grave.
